   22.1. Bidders are expected to have sole responsibility to examine the conformity of their Bids to the requirements of the RFP, keeping in mind that material deficiency in providing information requested by UNFPA, or lack of clarity in the description of goods or services to be provided may result negatively in the evaluation process of the Bids.
   22.2. Bidders may modify, substitute or withdraw their Bid after submission, provided that written notice is received by UNFPA prior to the submission deadline.
   22.3. Any proposed modification, substitution or withdrawal must be submitted in accordance to clause 19 - Submission, sealing and marking of Bids based on the approach utilized. The respective envelope or email shall be clearly marked “MODIFICATION”, “SUBSTITUTION” or “WITHDRAWAL”. Any revision to the Bid must be received by the deadline.
   22.4. No Bid may be modified, substituted or withdrawn in the interval between the submission deadline and the expiration of the period of the Bid validity. No Bid may be modified, substituted or withdrawn after the submission deadline.

23. Storage of Bids
   23.1. Bids received prior to the deadline of submission and the time of opening shall remain secure and unopened until the Bid opening date stated in UNFPA’s RFP.

E. BID OPENING AND EVALUATION

24. Bid opening
   24.1. UNFPA will conduct an internal Bid opening on 22 October 2018, at 15:00 Jakarta time at the office of 7th Floor Menara Thamrin, Jl. M.H. Thamrin Kav. 3, Jakarta.

24.2. Bids will be opened by an ad-hoc panel consisting of at least two staff members (of which one may be from a different United Nations agency/fund/program) and where at least one individual has no involvement in the subsequent stages of the procurement process. There will be separate Bid openings for Technical and Financial Bids. The Bidders’ names and submitted documents shall be announced and recorded on the Technical Bid opening report.

24.3. A Bid opening report will be available for viewing only to Bidders who have submitted a bid or their authorized representatives for a period of thirty days from the date of the opening. Information not included in the Bid opening report will not be provided to Bidders.

24.4. Once the Technical evaluation has been completed, the Financial Bids will be opened. During the Financial Bid opening, the Bidders’ names and the prices stated in the Financial Bid shall be announced and recorded on the Financial Bid opening report.

24.5. No Bid shall be rejected during Bid opening, except for late Bids. Rejected Bids will be shredded except for any bank securities, which will be returned to the Bidder.

25. Clarification of Bids

25.1. To assist in the examination, evaluation and comparison of Bids, UNFPA may ask Bidders for clarification of their Bids. The request for clarification and the response shall be in writing by UNFPA, and no change in price or substance of the Bid shall be sought, offered or permitted. Clarification of Bids may be provided only in response to UNFPA request for clarification or request for additional information.

26. Preliminary Examination of Bids

26.1. Prior to the detailed evaluation, UNFPA shall examine the Bids to determine whether they are complete with respect to minimum documentation requirements, whether the documents are properly signed, whether any computational errors have been made and whether the Bids are generally in order.

26.2. The procurement official will determine the substantial responsiveness of each Bid to the RFP during the preliminary examination.

26.3. A substantially responsive Bid conforms to all the terms, conditions, and specifications of the Bidding documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

26.3.1. Affects in any substantial way the scope, quality, or services specified; or

26.3.2. Limits in any substantial way, inconsistent with the Bidding documents, UNFPA’s rights or the Bidder’s obligations under the contract; or

26.3.3. If rectified would unfairly affect the competitive position of other Bidders presenting substantially responsive Bids.

26.4. UNFPA considers material deviations to include, but not be limited to the following:

26.4.1. During preliminary examination of Bids

26.4.1.1. Absence of Bid form(s), change in the wording or lack of signature on key portions of the Bid form when this is clearly required. Any change in wording that is consistent with the standard format of the Bid form(s) is not a material deviation;

26.4.1.2. The Bidder indicates in the Bid that they do not accept important contract conditions, i.e. related to Force Majeure, Applicable Law, Delivery Schedule, Payment Terms, General Conditions of Contract and Limitation of Liability;
26.4.1.3. Non submission of non-historical documents (documents that should be specifically prepared by the Bidder in response to this RFP) by the bid submission deadline.

26.4.1.4. Non-eligibility of the Bidder;

26.4.1.5. Financial information is included in the Technical Bid.

26.4.2. During technical evaluation of Bids and qualification of Bidders:

26.4.2.1. Bids do not reach the minimum threshold on technical score.

26.4.2.2. The Bidder does not meet the minimum conditions for qualification.

26.4.3. During Financial evaluation of Bids:

26.4.3.1. The Bidder does not accept the required price correction in accordance to Section I: Instructions to Bidders, clause 27.1.3

26.4.3.2. Required price components are missing;

26.4.3.3. The Bidder offers less quantity than what is required

26.5. If a Bid is not substantially responsive to the Bidding documents, it shall be rejected by UNFPA and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

27. Non-conformities, errors, and omissions

27.1. Provided that a Bid is substantially responsive:

27.1.1. UNFPA may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.

27.1.2. UNFPA may request the Bidder to submit the necessary information or documentation within a reasonable period of time to rectify non-material non-conformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.

27.1.3. UNFPA shall correct arithmetical errors on the following basis:

27.1.3.1. If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail, and the line item total shall be corrected, unless in the opinion of UNFPA there is an obvious misplacement of the decimal point in the unit price. In that case the line item total as quoted shall govern, and the unit price shall be corrected;

27.1.3.2. If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.

28. Evaluation of Bids

28.1. The evaluation of the Bids will be carried out in a two-step process by an evaluation panel, with evaluation of the Technical Bid being completed prior to any Financial Bid being opened and compared.

28.2. The Financial Bid will be opened only for those Bidders, where Technical Bids reach a minimum score of 70 points and whom have fulfilled the supplier qualifications. The total number of points a Bidder may obtain for Technical and Financial Bids is 100 points.
28.3. Information relating to the examination, evaluation, comparison, and post-qualification of Bids and recommendation of contract award shall not be disclosed to Bidders or any other person not officially concerned with such process until the contract award is published.

28.4. Any effort by a Bidder to influence UNFPA in the examination, evaluation, comparison, and post-qualification of the Bids or contract award decisions may result in the rejection of its Bid.

28.5. Notwithstanding from the time of Bid opening to the time of contract award, if any Bidder wishes to contact UNFPA on any matter related to the Bidding process, it should do so in writing.

29. **Technical evaluation**

29.1. The Technical Bid is evaluated on the basis of its responsiveness to the Terms of Reference shown in Section II, the Technical Bids submitted by the Bidders and the evaluation criteria published below.

30.2. Notwithstanding anything stated above, UNFPA reserves the right to assess the Bidder’s capabilities and capacity to execute the services satisfactorily before deciding on award.

30.3. Even though the Bidders may meet the above qualifying criteria, they can be subject to disqualification if they have made misleading or false representations in the forms, statements and attachments submitted in proof of the qualification requirements, and/or have a record of poor performance such as: not properly completing contracts, inordinate delays in completion, litigation history, financial failures, etc.

31. Financial evaluation

31.1. The Financial Bid will only be evaluated if the Technical Bid achieves the minimum score as indicated in clause 28.2 and is considered qualified through the supplier qualification process described in clause 30. Proposals failing to obtain this minimum technical threshold or those which will not be considered qualified through the supplier qualification process will not be eligible for further consideration.

31.2. The Financial Bid is evaluated on the basis of its responsiveness to the Price Schedule Form SECTION VI – ANNEX D: PRICE SCHEDULE FORM. The maximum number of points for the Financial Bid is 100. This maximum number of points will be allocated to the lowest price. All other Financial Bids will receive points in inverse proportion according to the following formula:

\[
\text{Financial Score} = \frac{\text{Lowest Bid (IDR)}}{\text{Bid being Scored (IDR)}} \times 100 \text{(Maximum Score)}
\]

32. Total score

32.1. The total score for each Bidder will be the weighted sum of the technical score and financial score. The maximum total score is 100 points.

\[
\text{Total Score} = [70\% \text{ Technical Score}] + [30\% \text{ Financial Score}]
\]

A. AWARD OF CONTRACT AND FINAL CONSIDERATIONS

33. Award of Contract

33.1. UNFPA intends to award the Contract for Professional Services to the Bidder(s) that obtains the highest combined score of the Technical and Financial evaluation.

34. Rejection of Bids and annulments

34.1. UNFPA reserves the right to reject any Bid if the Bidder has previously failed to perform properly or on time in accordance with previous contracts/purchase orders or if the Bidder from UNFPA’s perspective is not in a position to deliver pursuant to the contract.

34.2. UNFPA reserves the right to annul the RFP and reject all Bids at any time prior to award of the contract without thereby incurring any liability to the affected Bidder(s) or any obligation to provide information.

34.3. Bidders waive all rights to appeal against the decision made by UNFPA.
35. Right to vary requirements and to negotiate at time of award

35.1. At the time of award of the contract UNFPA reserves the right to vary the quantity of goods and/or services specified in the RFP by up to 20% without any change in hourly/daily or any other rates or prices proposed by the Bidders or other terms and conditions.

35.2. UNFPA reserves the right to negotiate the price with the Bid winner before awarding the contract to ensure that the financial Bid is competitive on all aspects of the price.

35.2.1. The purpose of negotiations of offers selected based on the ‘cumulative analysis methodology’ is to ensure that the technical proposal is in line with requirements and that the financial proposal is competitive on all aspects of the price.

35.2.2. In the negotiations, any deficiency in the offer will be pointed out to the supplier. The supplier will be allowed to make adjustments in the proposal in order to improve and more clearly specify the contents of the offer. However, under no circumstances shall the requirements (Terms of Reference/specifications) be changed.

36. Signing of the Contract

36.1. The procurement official will send the successful Bidder(s) the contract for professional services for a fixed contract value [Please edit accordingly, specify other approaches as applicable. E.g. Ceiling Price Contract, etc.], which constitutes notification of award. Successful Bidder(s) shall sign and date the contract, and return it to UNFPA within 10 calendar days of receipt of the contract. To facilitate the process of signing the contract, Bidders are expected to have reviewed the template of Contract for Professional Services, found in SECTION VII – ANNEX A: TEMPLATE OF CONTRACT FOR PROFESSIONAL SERVICES of the Bidding documents prior to submitting a Bid. The successful bidder shall deliver the services and/or goods in accordance with the delivery schedule outlined in the Bid/ Contract only after both parties sign the contract.

38. Payment Provisions

38.1. UNFPA’s policy is to pay for the performance of contractual services rendered or to effect payment upon the achievement of specific milestones described in the contract.

39. Bid protest

39.1. Bidder(s) perceiving that they have been unjustly or unfairly treated in connection with a solicitation, evaluation, or award of contract may complain to the UNFPA Representative, Dr. Annette Sachs Robertson at robertson@unfpa.org. Should the supplier be unsatisfied with the reply provided by the UNFPA Head of the Business Unit, the supplier may contact the Chief of the Procurement Services Branch at procurement@unfpa.org.
40. Documents establishing sustainability efforts of the Bidder

40.1. Currently UNFPA is requesting information on environmental and social policies and related documentation with Bids submitted by prospective suppliers. UNFPA is incorporating environmental and social criteria considerations into the evaluation process, such as adherence to Global Compact requirements (more information can be accessed here, http://www.unglobalcompact.org/, or by contacting Procurement Services Branch at procurement@unfpa.org). UNFPA encourages suppliers to consider joining the UN Global Compact and to look into other ways to help reduce their environmental impact now.
SECTION II: TERMS OF REFERENCE (TOR)

A. UNFPA’s Global Work
UNFPA, the United Nations Population Fund, is an international development agency that promotes the right of every woman, man and child to enjoy a life of health and equal opportunity. UNFPA supports countries in population data for policies and programmes to reduce poverty, and to ensure that every pregnancy is wanted, every childbirth is safe and every young person’s potential is fulfilled.

B. UNFPA and Harmful Traditional Practices
In 2010 the “Global strategy to stop health-care providers from performing female genital mutilation (FGM/C)” was developed by UNFPA, UNICEF, UNHCR, UNIFEM, WHO, FIGO, ICN, WCPA, WMA, MWIA. In Indonesia, UNFPA started working on the FGM/C issue in 2007, when UNFPA, through the UN Confidential Report of CEDAW, raised the issue of FGM/C. The issue received many international comments, notably from the CEDAW Committee, and was reflected in the CEDAW concluding comments. This process also facilitated the beginning of a national discourse on FGM/C. In 2010, UNFPA, in collaboration with National Commission on Eliminating Violence Against Women (NCVAW), advocated to relevant stakeholders and individuals, including the Ministry of Health (MOH) and the Ulama Council/MUI for the withdrawal of the Fatwa and the Decree supporting FGM/C medicalization that was endorsed in 2010.

In 2015, UNFPA conducted an International Seminar on “Female Genital Mutilation/Cutting: Discussion from Social-Cultural and Health Perspectives” attended by representatives of Indonesia’s line Ministries/Agencies, NGOs and other key stakeholders such as Ms. Sinta Nuriyah Abdurahman Wahid, a human rights activist and a former first lady as a key note speaker. An FGM/C international expert from the Al-Azhar University: Prof. Ahmed Ragaa Abd El-Hameed Ragab; UNFPA Head Quarter Specialist on Gender, Culture and Human Rights: Dr. Nafissatou J. Diop participated as resource persons followed by key persons from the Ministry of Religious Affairs (MORA), MOH, National Commission on Child Protection, UNICEF and World Health Organization (WHO).

UNFPA also worked on a background paper for policy on FGM/C, as a reference document for further advocacy to the policy makers. Through UNFPA’s Ninth Country Programme (2016-2020), UNFPA commits to the abandonment of FGM/C, through supporting MOWECP to coordinate strategic actions to address FGM/C, developing SDGs indicators and providing further evidence on FGM/C as requested by Government of Indonesia for policy dialogue and change through the National Planning Board and MOWECP.

C. Background
The World Health Organization (WHO)\(^4\) estimates about 200 million women and girls around the world experienced FGM/C, which comprises all procedures that involve partial or total removal of the external female genitalia, or cause other injury to the female genital organs for non-medical reasons. This ranges from pricking or piercing the genital area to partial or full removal of the clitoris.

The 2013 Indonesian National Basic Health Survey (Riskesdas) reported that 51.2% of girls age 0-11 in Indonesia had experienced FGM/C. The survey provided data on the prevalence of FGM/C by area

(province/district), however, did not include information on the types of FGM/C being practiced or its drivers.

To deepen the understanding of FGM/C in Indonesia, in 2017, with the support from the Australian Department of Foreign Affairs and Trade (DFAT) and UNFPA collaborated with the NCVAW and the Centre for Population and Policy Studies of the University of Gadjah Mada (PSKK-UGM) for the Qualitative and Quantitative FGM/C Study. The study was conducted in the 7 provinces with the highest prevalence of FGM/C in Indonesia (according to the 2013 Riskesdas), and in 3 provinces, also with higher than average prevalence rates, that have district level regulations requiring payment from health service providers for providing FGM/C. The scope of the study means it does not provide a national picture of FGM/C across Indonesia, rather it generates data about FGM/C practices in the 10 selected provinces.

A number of consultations with government institutions such as Bappenas, MOECP, MOH, MORA Affairs, Ministry of Education and Culture (MOEC) as well as with faith-based organizations and gender practitioners were conducted prior and after the study. As a result, a final consolidated FGM/C study report and a Policy Brief on FGM/C Practices in Indonesia have been produced.

D. Rationale
Based on the study conducted in 2017, one of the findings suggests that FGM/C is practised because it is viewed as a religious requirement and inter-generational tradition. Many parents’ decisions to perform FGM/C on their daughters included the belief that the ritual is considered a religious order. To respond to this issue, it is viewed that engaging religious leaders is very important since they could influence behavior change towards the abandonment of FGM/C. The engagement with religious leaders can be done through targeted advocacy and awareness-raising to better inform these influential figures and the wider community about the dangers of FGM/C for women and girls. Several countries in the Middle East and Africa (Egypt, Burkina Faso, Kenya, Liberia and Togo) involved their religious leaders in discussions on the long-term harmful effects of FGM/C practices and those countries successfully decrease the FGM/C rates. This highlights the importance of better educating religious leaders and broader society on the health impacts on women and girls.

In Indonesia, the role of Women Religious Leaders is very important. This group is one of the strongest initiators for social change in the community. Women religious leaders live within the society and their role and opinions are well respected in society. According to the NCVAW and PSKK UGM’s study on 2017, the decision making on the FGM/C are the mother and grandmother of the daughter. Therefore, the role of women religious leader becomes significant in promoting abandonment of FGM/C to the women’s group (the mother and grandmother). The institution that has experience working with community and women religious leader will make the intervention more effective to increase the awareness on the FGM/C and changing the practice in grass-root level.

E. Purpose
1. To increase awareness on FGM/C and encourage the changing behavior on why it is important to abandon the practice among community especially women’s group (the mother and grandmother).
2. To develop and implement evidence-based advocacy strategies to end FGM/C practices for women religious leaders as well as relevant recommendations for wider religious leaders to advocate for the abandonment of harmful practices such as FGM/C.

F. Objectives
1. To increase the capacity of women religious leaders in advocating for the abandonment of FGM/C towards their women religious members and the communities.
2. To increase capacities to measures advocacy so that advocacy efforts lead to positive intended results on lowering the demand on FGM/C

Specific Objectives:
1. To develop the advocacy material(s) and training manual on FGM/C prevention among religious leaders
2. To monitor and evaluate the trained women religious leaders on the implementation of the training knowledge in advocating for the FGM/C abandonment among their communities

5.2 The purchase of equipment and supplies under this Contract, if applicable, will be executed in accordance with procedures established by UNFPA, unless UNFPA is satisfied that the CONTRACTOR's own procurement procedures and practices adequately demonstrate the required levels of integrity, fairness and transparency.

5.3 The CONTRACTOR will maintain, within the contracting period of time, detailed financial records, which clearly identify all funds received from UNFPA and expended by the CONTRACTOR for the implementation of the Contract. The CONTRACTOR is also required to ensure that adequate systems of internal control are put in place to ensure the financial management of this contract is conducted with the required level of due diligence.

Article 6: Entry into force and duration of contract

6.1 This Contract shall become effective upon its signature by both Parties.
6.2 The term of this Contract will commence on [date] and will remain in force until the Contractor has fulfilled all of its obligations under the Contract to the complete satisfaction of the UNFPA but not later than [date] unless terminated earlier in accordance with Article 13 of UNFPA’s General Conditions for Contracts for the Provision of Services.

6.3 All time limits contained in the Contract shall be deemed to be of the essence in respect of the performance of the Services.

6.4 Termination or expiry of this Contract or part thereof will not affect any accrued rights or liabilities of either Party nor will it affect the coming into force or continuation in force of any provision of this Contract which expressly or by implication is intended to come into or continue in force on or after such termination.

**Article 7: Amendment**

Any modification to this Contract shall require an amendment in writing between both Parties duly signed by the authorized representative of the CONTRACTOR and Dr. Annette Sachs Robertson, Representative on behalf of UNFPA or her duly authorized representative.

**Article 8: Miscellaneous**

8.1 UNFPA is committed to preventing, identifying and addressing all acts of fraud against UNFPA as well as third parties involved in UNFPA activities.

8.2 Suppliers perceiving that they have been unjustly treated in connection with the solicitation or award of a contract may lodge a complaint directly with the UNFPA Head of Office at unfpa.indonesia@unfpa.org. The UNFPA Head of Office will then make an assessment of the complaint and provide a reply to the supplier within a week. If the supplier is not satisfied with the reply provided by the UNFPA Head of Office, the supplier may escalate the complaint to the Chief, Procurement Services Branch at procurement@unfpa.org, who will reply to the supplier within a week and advise the Supplier on further recourse if required.

8.3 No terms or provisions of this Contract will be deemed waived and no breach excused, unless such waiver or excuse is in writing and signed by the Parties giving the waiver or excuse. No consent to, or excuse or waiver of, a breach of this Contract shall constitute a consent to, excuse or waiver of any other subsequent breach.

8.4 Any notice, request or approval required or permitted to be given or made under the Contract shall be made in writing in the English language. Such notice, request or approval, shall be deemed to be duly given or made when it shall have been delivered by either (i) personal delivery against receipt, (ii) recognized overnight delivery service, (iii) postage prepaid, return receipt requested certified mail, (iv) facsimile, or (v) email, addressed to the party or parties for whom intended at the addresses shown below or such other addresses as intended recipient previously shall have designated by written notice previously given pursuant to the Contract.
8.5 Severability: If any provision of this Contract is held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions will not in any way be affected or impaired.

8.6 UNFPA strictly enforces a policy of zero tolerance concerning unethical, unprofessional or fraudulent acts of UNFPA Contractors. Accordingly, any registered company that is found to have undertaken unethical, unprofessional or fraudulent activities, will be suspended or forbidden to continue business relations with UNFPA.

8.7 UNFPA requires that all Contractors observe the highest standard of ethics during procurement and execution of work. Pursuant to this policy, UNFPA defines the terms set forth as follows:

(a) Corrupt practice means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in the execution of a contract;

(b) Fraudulent practice means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the client, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the client of the benefits of free and open competition.

UNFPA will declare a Contractor ineligible, either indefinitely or for a stated period of time, to be awarded a UNFPA-financed contract/agreement if at any time it determines that the Supplier has engaged in any corrupt or fraudulent practices in competing for, or in executing a UNFPA-financed contract/agreement.

8.8 Contractors, their subsidiaries, agents, intermediaries and principals must cooperate with the UNFPA Division for Oversight Services as well as with any other oversight entity authorized by the Executive Director and with the UNFPA Ethics Advisor as and when required. Such cooperation shall include, but not be limited to, the following: access to all employees, representatives, agents and assignees of the vendor; as well as production of all documents requested, including financial records. Failure to fully cooperate with investigations will be considered sufficient grounds to allow UNFPA to repudiate and terminate the Contract, and to debar and remove the CONTRACTOR from UNFPA's list of registered suppliers.

8.9 UNFPA has adopted a zero tolerance policy on gifts and hospitality. In view of this UNFPA personnel is prohibited from accepting any gift, even of a nominal value, including drinks, meals, food products, hospitality, calendars, stationery, transportation, recreational trips to sporting or cultural events, theme parks or offers of holidays, or any other forms of benefits. The CONTRACTOR shall not offer any forms of gifts, hospitality or benefits to UNFPA personnel.

8.10 During the validity of this Contract, the CONTRACTOR shall inform UNFPA immediately, by written notice to procurement@unfpa.org, if it is debarred by the World Bank or suspended by any UN organization. Failure to fulfill this requirement will be considered as a breach of
agreement and UNFPA reserves the rights to consider invalid any purchase orders issued during a suspension/debarment period.

Vendors listed on any of the following lists are considered ineligible by UNFPA:
- Vendor ineligibility list posted on the United Nations Global Market Place (UNGM).
- UNPD Suspended Vendor List.
- The World Bank’s corporate procurement listing of non-responsible vendors and ineligible firms and individual.
- Security Resolution 1267 List.

8.11 By signing this Contract, the CONTRACTOR agrees that UNFPA is free to share this Contract with other UN Agencies for their use in direct ordering.

8.12 Currently UNFPA is requesting information on environmental policies and other environmental documentation in bids submitted by prospective vendors. In the long run it is UNFPA’s intention to incorporate environmental and social criteria considerations into the evaluation process. It is also UNFPA’s intention over the long-term to request all suppliers to adhere to Global Compact requirements. Therefore, suppliers should begin to research and subscribe to this agreement. For more information or assistance with signing up for the Global Compact, please contact PSB at procurement@unfpa.org.
