57. Cost of Execution of Work of Repair, etc.

All such outstanding work shall be carried out by the Contractor at its own expense if the necessity thereof shall, in the opinion of the Engineer, be due to the use of material or workmanship not in accordance with the Contract, or to neglect or failure on the part of the Contractor to comply with any obligation expressed or implied, on the Contractor's part under the Contract.

58. Remedy on Contractor's Failure to Carry Out Work Required

If the Contractor shall fail to do any such work outstanding on the Works, the UNFPA shall be entitled to employ and pay other persons to carry out the same, and all expenses consequent thereon or incidental thereto shall be recoverable from the Contractor by the UNFPA, and may be deducted by the UNFPA from any monies due or which may become due to the Contractor.

- (b) omit any such work;

3 Orders for Variations to be in Writing

No variations shall be made by the Contractor without an order in writing from the Engineer. Variations requiring the written approval of the UNFPA under paragraph (2) of this Clause shall be made by the Contractor only upon written order from the Engineer accompanied by a copy of the UNFPA's approval. 4 Valuation of Variations

The Engineer shall estimate to the UNFPA the amount to be added or deducted from the Contract Price in respect of any variation, addition or omission. In the case of any variation, addition or omission which may result in an increase of the Contract Price, the Engineer shall communicate such estimate to the UNFPA together with his request for the UNFPA's written approval of such variation, addition or omission. All material and work covered by payments made by the UNFPA to the Contractor shall thereupon become the sole property of the UNFPA, but this provision shall not be construed as relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work or as waiving the right of the UNFPA to require the fulfillment of all of the terms of the Contract.

5 Equipment and supplies furnished by UNFPA

Title to any equipment and supplies which may be furnished by the UNFPA shall rest with the UNFPA and any such equipment and supplies shall be returned to the UNFPA at the conclusion of the Contract or when no longer needed by the Contractor. The Engineer shall, when he requires any part or parts of the Works to be measured, give notice to the Contractor or the Contractor's authorized agent or representative who shall forthwith attend or send a qualified agent to assist the Engineer in making such measurement and shall furnish all particulars required by either of them. Should the Contractor not attend or neglect or omit to send such agent, then the measurement made by the Engineer or approved by him shall be taken to be the correct measurement of the work. - (g) If the Contractor is not executing the work in accordance with standards of workmanship specified in the Contract;
- (h) If the Contractor gives or promises to give a present or loan or reward to any employee, officer agent or other representative of the UNFPA or of the Engineer.

Then the UNFPA may himself complete the Works or may employ any other contractor to complete the Works and the UNFPA or such other contractor may use for such completion so much of constructional plant, Temporary Works and materials, which have been deemed to be reserved exclusively for the construction and completion of the Works under the provision of the Contract as he or they may think proper and the UNFPA may at any time sell any of the said constructional plant, Temporary Works and unused materials and apply the proceeds of sale in or towards the satisfaction of any sums due or which may become due to him from the Contractor under the Contract.

2 Evaluation after Re-entry

The Engineer shall as soon as may be practicable after any such entry and expulsion by the UNFPA notify the Contractor to attend the necessary evaluation of the Works. In the event that for any reason the Contractor does not attend such evaluation the Engineer shall undertake the said evaluation in the absence of the Contractor and shall issue a certificate stating the sum, if any, due to the Contractor for work done in accordance with the Contract up to the time of entry and expulsion by the UNFPA which has been reasonably accumulated to the Contractor in respect of the Works he has executed in such case in accordance with the Contract. The Engineer shall indicate the value of the materials whether unused or partially used and the value of construction equipment and any part of the Temporary Works.

3 Payment After Re-entry

If the UNFPA shall enter and expel the Contractor under this Clause it shall not be liable to pay the Contractor any money on account of the Contract until the expiration of the Defects Liability Period, and thereafter until the costs of completion and making good any defects of the Works, damages for delay in completion (if any), and all other expenses incurred by the UNFPA have been ascertained and their amount certified by the Engineer. The Contractor shall then be entitled to receive only such sum or sums (if any) as the Engineer may certify would have been due to him upon due completion by him after deducting the said amount. But if such amount shall exceed the sum which would have been payable to the Contractor on due completion by him, then the Contractor shall upon demand pay to the UNFPA the amount of such excess. The UNFPA in such case may recover this amount from any money due to the Contractor from the UNFPA without the need to resort to legal procedures.

66. URGENT REPAIRS

If by reason of any accident or failure or other event occurring to, in or in connection with the Works or any part thereof either during the execution of the Works or during the Defects Liability Period any remedial or other work or repair shall in the opinion of the Engineer be urgently necessary for security and the Contractor is unable or unwilling at once to do such work or repair, the UNFPA may by its own or other workmen do such work or repair as the Engineer may consider necessary. All costs and charges properly incurred by the UNFPA in so doing shall on demand be paid by the Contractor to the UNFPA or may be deducted by the UNFPA from any monies due or which may become due to the Contractor provided always that the Engineer shall as soon after the occurrence of any such emergency as may be reasonably practicable notify the Contractor thereof in writing.

67. INCREASE AND DECREASE OF COSTS

Except if otherwise provided by the Contract, no adjustment of the Contract Price shall be made in respect of fluctuations of market, prices of labour, materials, plant or equipment, neither due to fluctuation in interest rates nor devaluation or any other matters affecting the Works.

68. TAX EXEMPTION

Article II, Section 7, of the Convention on the Privileges and Immunities of the United Nations provides, inter alia, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties, and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize the exemptions of UNFPA from such taxes, restrictions, duties, or charges, the Contractor shall immediately consult with UNFPA to determine a mutually acceptable procedure.

The Contractor authorizes UNFPA to deduct from the Contractor's invoices any amount representing such taxes, duties or charges, unless the Contractor has consulted with UNFPA before the payment thereof and UNFPA has, in each instance, specifically authorized the Contractor to pay such taxes, duties, or charges under written protest. In that event, the Contractor shall provide UNFPA with written evidence that payment of such taxes, duties or charges has been made and appropriately authorized, and UNFPA shall reimburse the Contractor for any such taxes, duties, or charges so authorized by UNFPA and paid by the Contractor under written protest.

69. BLASTING

The Contractor shall not use any explosives without the written permission of the Engineer who shall require that the Contractor has complied in full with the regulations in force regarding the use of explosives. However, the Contractor, before applying to obtain these explosives, has to provide well-arranged storage facilities. The Engineer's approval or refusal to permit the use of explosives shall not constitute ground for claims by the Contractor.

70. MACHINERY

The Contractor shall be responsible for coordinating the manufacture, delivery, erection and commissioning of plant machinery and equipment which are to form a part of the Works. It shall place all necessary orders as soon as possible after the signing of the Contract. These orders and their acceptance shall be produced to the Engineer on request. The Contractor shall also be responsible for ensuring that all sub-contractors adhere to such programs as are agreed and are needed to ensure completion of the Works within the period for completion. Should any sub-contracted works be delayed, the Contractor shall initiate the necessary action to speed up such completion. This shall not prejudice the UNFPA's right to exercise ITS remedies for delay in accordance with the Contract.

71. TEMPORARY WORKS AND REINSTATEMENT

The Contractor shall provide and maintain all temporary roads and tracks necessary for movement of plant and materials and clear same away at completion and make good all works damaged or disturbed. The Contractor shall submit drawings and full particulars of all Temporary Works to the Engineer before commencing same. The Engineer may require modifications to be made if he considers them to be insufficient and the Contractor shall give effect to such modifications but shall not be relieved of his responsibilities. The Contractor shall provide and maintain weather-proof sheds for storage of material pertinent to the Works both for his own use and for the use of the UNFPA and clear same away at the completion of the Works. The Contractor shall divert as required, at his own cost and subject to the approval of the Engineer, all public utilities encountered during the progress of the Works, except those specially indicated on the drawings as being included in the Contract. Where diversions of services are not required in connection with the Works, the Contractor shall uphold, maintain and keep the same in working order in existing locations. The Contractor shall make good, at his own expense, all damage to telephone, telegraph and electric cable or wires, sewers, water or other pipes and other services, except where the Public Authority or Private Party owning

or responsible for the same elects to make good the damage. The costs incurred in so doing shall be paid by the Contractor to the Public Authority or Private Party on demand.

72. PHOTOGRAPHS AND ADVERTISING

The Contractor shall not publish any photographs of the Works or allow the Works to be used in any form of advertising whatsoever without the prior approval in writing from the UNFPA.

73. DEALING WITH CORRUPTION

Allegations of corrupt, fraudulent, collusive, coercive, obstructive and unethical practices (“Proscribed Practices”) in relation to this Contract shall be dealt with in accordance with the terms of the UNFPA Oversight Policy as approved and from time to time revised by the UNFPA Executive Board. Without prejudice to the foregoing and to any of UNFPA’s rights to terminate this Contract, UNFPA shall be entitled to terminate the Contract forthwith and to recover from the Contractor the amount of any loss resulting from such termination, if the Contractor has offered or given any person any gift or consideration of any kind as an inducement or reward for doing or intending to do any action in relation to the obtaining or the execution of the Contract or any other contract with the UNFPA or for showing or intending to show favour or disfavour to any person in relation to the Contract or any other contract with the UNFPA, if the like acts shall have been done by any persons employed by the Contractor or acting on its behalf whether with or without the knowledge of the Contractor in relation to this or any other Contract with the UNFPA.

74. LANGUAGE, WEIGHTS AND MEASURES

Except as may be otherwise specified in the Contract, English shall be used by the Contractor in all written communications to the UNFPA or the Engineer with respect to the performance under this Contract and with respect to all documents procured or prepared by the Contractor pertaining to the Works. The metric system of weights and measures shall be used in all instances.

75. FORCE MAJEURE

In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the affected Party shall give notice and full particulars in writing to the other Party, of such occurrence or cause if the affected Party is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The affected Party shall also notify the other Party of any other changes in condition or the occurrence of any event which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of force majeure or other changes in condition or occurrence, the affected Party shall also submit a statement to the other Party of estimated expenditures that will likely be incurred for the duration of the change in condition or the event of force majeure. On receipt of the notice or notices required hereunder, the Party not affected by the occurrence of a cause constituting force majeure shall take such action as it reasonably considers being appropriate or necessary in the circumstances, including the

granting to the affected Party of a reasonable extension of time in which to perform any obligations under the Contract.

If the Contractor is rendered unable, wholly or in part, by reason of force majeure to perform its obligations and meet its responsibilities under the Contract, UNFPA shall have the right to suspend or terminate the Contract on the same terms and conditions as are provided for in Clause 77 of the General Conditions, except that the period of notice shall be seven (7) days instead of fourteen (14) days. In any case, UNFPA shall be entitled to consider the Contractor permanently unable to perform its obligations under the Contract in case the Contractor is unable to perform its obligations, wholly or in part, by reason of force majeure for any period in excess of ninety (90) days.

Force majeure as used herein means any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, or any other acts of a similar nature or force, provided that such acts arise from causes beyond the control and without the fault or negligence of the Contractor. The Contractor acknowledges and agrees that, with respect to any obligations under the Contract that the Contractor must perform in areas in which UNFPA is engaged in, preparing to engage in, or disengaging from any humanitarian or similar operations, any delays or failure to perform such obligations arising from or relating to harsh conditions within such areas, or to any incidents of civil unrest occurring in such areas, shall not, in and of itself, constitute force majeure under the Contract.

76. SUSPENSION OF PAYMENTS BY THE UNFPA

The UNFPA may by written notice to the Contractor suspend for a specified period, in whole or in part, payments to the Contractor and/or the Contractor's obligation to continue to perform the Works under this Contract, if in the UNFPA' sole discretion:

- (a) any conditions arise which interfere, or threaten to interfere with the successful execution of the Works or the accomplishment of the purpose thereof, or
- (b) the Contractor shall have failed, in whole or in part, to perform any of the terms and conditions of this Contract.

After suspension under sub-paragraph (a) above, the Contractor shall be entitled to reimbursement by the UNFPA of such costs as shall have been duly incurred in accordance with this Contract prior to the commencement of the period of such suspension.

77. TERMINATION BY UNFPA

- 77.1 The UNFPA may, notwithstanding any suspension under Clause 76 above, terminate this Contract for cause or convenience in the interest of UNFPA upon not less than fourteen (14) days written notice to the Contractor.

- 77.2 In the event of any termination of this Contract, upon receipt of notice of termination that has been issued by UNFPA, the Contractor shall, except as may be directed by UNFPA in the notice of termination or otherwise in writing:

 - (b) refrain from undertaking any further or additional commitments under the Contract as of and following the date of receipt of such notice;

 - (e) transfer title and deliver to UNFPA the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the portion of the Contract terminated;
 - (f) deliver all completed or partially completed plans, drawings, information, and other property that, if the Contract had been completed, would be required to be furnished to UNFPA thereunder;
 - (g) complete performance of the work not terminated; and,
 - (h) take any other action that may be necessary, or that UNFPA may direct in writing, for the minimization of losses and for the protection and preservation of any property, whether tangible or intangible, related to the Contract that is in the possession of the Contractor and in which UNFPA has or may be reasonably expected to acquire an interest.
- 77.3 In the event of any termination of the Contract, UNFPA shall be entitled to obtain reasonable written accountings from the Contractor concerning all obligations performed or pending in accordance with the Contract. In addition, UNFPA shall not be liable to pay the Contractor except for those services/works provided to UNFPA in accordance with the requirements of the Contract, but only if such services/works were requested or otherwise provided prior to the Contractor's receipt of notice of termination from UNFPA or prior to the Contractor's tendering of notice of termination to UNFPA.
- 77.4 UNFPA may, without prejudice to any other right or remedy available to it, terminate the Contract forthwith in the event that:
- a) the Contractor is adjudged bankrupt, or is liquidated, or becomes insolvent, or applies for a moratorium or stay on any payment or repayment obligations, or applies to be declared insolvent;
 - b) the Contractor is granted a moratorium or a stay, or is declared insolvent;
 - c) the Contractor makes an assignment for the benefit of one or more of its creditors;
 - d) a Receiver is appointed on account of the insolvency of the Contractor;

- 77.5 Except as prohibited by law, the Contractor shall be bound to compensate UNFPA for all damages and costs, including, but not limited to, all costs incurred by UNFPA in any legal or non-legal proceedings, as a result of any of the events specified in paragraph 4 of this Clause, above, and resulting from or relating to a termination of the Contract, even if the Contractor is adjudged bankrupt, or is granted a moratorium or stay or is declared insolvent. The Contractor shall immediately inform UNFPA of the occurrence of any of the events specified in paragraph 4 of this Clause, above, and shall provide UNFPA with any information pertinent thereto.
- 77.6 The provisions of this Clause are without prejudice to any other rights or remedies of UNFPA under the Contract or otherwise.

78. TERMINATION BY THE CONTRACTOR

In the case of any alleged breach by the UNFPA of the Contract or in any other situation which the Contractor reasonably considers to entitle is to terminate the Contract, the Contractor shall promptly give ample written notice to the UNFPA detailing the nature and the circumstances of the breach or other situation. Upon acknowledgement in writing by the UNFPA of the existence of such breach and the UNFPA' inability to remedy it, or upon failure of the UNFPA to respond to such notice within twenty (20) days of receipt thereof, the Contractor shall be entitled to terminate this Contract by giving thirty (30) days written notice thereof.

79. RIGHTS AND REMEDIES OF THE UNFPA

Nothing in or relating to this Contract shall be deemed to prejudice or constitute a waiver of any other rights or remedies of the UNFPA.

80. SETTLEMENT OF DISPUTES

- 80.1 The Parties shall use their best efforts to amicably settle any dispute, controversy, or claim arising out of the Contract or the breach, termination, or invalidity thereof. Where the Parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the Parties in writing.
- 80.2 Any dispute, controversy, or claim between the Parties arising out of the Contract or the breach, termination, or invalidity thereof, unless settled amicably under Article 16.1, above, within sixty (60) days after receipt by one Party of the other Party’s written request for such amicable settlement, shall be referred by either Party to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures be taken with respect to the goods, services or any other property, whether tangible or

intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim measures”) and Article 34 (“Form and effect of the award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages. In addition, unless otherwise expressly provided in the Contract, the arbitral tribunal shall have no authority to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. Should LIBOR no longer be available, the United States Federal Reserve Bank of New York’s Secured Overnight Financing Rate (“SOFR”) then prevailing shall be used, and any such interest shall be simple interest only. - 82.5 UNFPA may, at its sole discretion, consent to the inclusion of the Contractor and its Personnel in the UNFPA security plan to the extent that it applies within the country where the Works are being performed on the same terms that are offered to implementing partners of UNFPA.
